It is promised that work will begin as quickly as material can be sent here and the tank completed at the very earliest possible date. The frame supporting the tank will be raised 15 feet higher than the old one and a high grade metal tank put up, giving a far better water pressure over town than was ever furnished by the old one. This will be gratifying news to users of city water, who have had hard sledding since the tank collapsed on last Thanksgiving day.

Miss Todd, of Humboldt, was here a few days last week looking over the tax assessments of the county for the new tax authorities of the state under the new revenue law enacted by the last legislature. The Falcon has not been able to get any definite information as to the effects the new assessment law will have on Fayette county assessments, but from information gotten from reports made by the investigators already sent into other counties it is believed that the assessments in this county are not far from the average of assessments over the state, and hence it is concluded that the figures in this county will not be very much changed from those made yearly by the County Assessor. The Board at Nashville has announced that it will not attempt to do anything with the assessments for 1918, but will have all ready for handling the 1919 figures under the new law.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.
